FOUNDER PRESIDENT'S MESSAGE

Education is the basis of all progress. The entire purpose of education is not to restrict itself to imparting bookish knowledge only but inculcate humanitarian values like wisdom, compassion, courage, humility, integrity and reliability in a student. In order to promote an internationally acceptable education, our key focus has been on faculty development-providing continuous teacher training in order to deliver real value education and excellence in academics. Lotus English medium School encourages students to learn about themselves and their constantly changing environment, while at the same time offering support and guidance as they practise decision-making and social skills. We are confident that this school is the best place for your child. We welcome your active interest and involvement in the progress and activities of your child. We look forward to your continuous support.

Dr. Shantaram Nighute

PRESIDENT'S MESSAGE

At "Lotus" every child is perceived as unique. This uniqueness is identified, nurtured and recognized. Our focus is to develop our student who can compete and contribute globally. The student is our main focus.

At, "Lotus", we support the students with technology, and help them integrate it with humanity, values, and our cultural legacy. We provide holistic education where students evolve as a human being who are self motivated, reason out logically, independent, and confident with value driven mind set. Academic excellence with character and personality development is our ultimate goal.

Our distinctive academic programmes and innovative teaching methods encourage students to develop critical thinking.

I, personally believe that for development of a child fourfold efforts are required. Parents have to devote their quality time, the teacher, as a second mother/ parent has to nurture the child with a lot of care and affection, the student himself has to take efforts for his self growth and finally the environment in which he or she spends most of the time, surroundings, friends, use of social media, the books read, . In order to smoothen the ups and downs in the child's development, let us all contribute to the all round development of the child and be enriched with learning experience.

Dr.Nileema Nighute
